## In-Class Assessment 01

### Instructions:

The assessment is to be done on a power bi file. Open a new power bi file and do your work on it, save it and upload it on moodle in the class.

You have 20 minutes to complete this task and upload it on the moodle. Grade points for this are 5.

---

Question 1. Merge **Orders** and **Returns** Table into a **new query** and show the **return** status into the merged table named **Orders by Returns**
